

# Invitation

On behalf of the Kenyan Campaign Partners, the Green Belt Movement invites you to join us in launching

## *The International Campaign to Stop Rape and Gender Violence in Conflict*

The International Campaign to Stop Rape & Gender Violence in Conflict unites organizations and individuals into a powerful and coordinated effort for change. Together we will demand bold political leadership to **prevent** rape in conflict, to **protect** civilians and rape survivors, and call for justice for all – including effective **prosecution** of those responsible.

This campaign is being launched in four countries worldwide: Kenya, Burma, the Democratic Republic of Congo, and Columbia. The Green Belt Movement, with partner organizations, is hosting a national campaign to effectively address the stigma, suffering, and justice for rape and gender violence survivors.
